

# COLOURING BOOK & CONTEST

Participate in our upcoming outreach campaign "Bring Colour to A Child's Life" by having fun colouring these pages. The Foster Hope campaign of the Foster Parent Support Services Society is all about connecting potential foster caregivers with kids and youth that need a good and safe place to grow.

Send in a pic of or download your favourite work from this colouring book to participate in the colouring contest and have a chance to have your work featured in the online digital ad campaign that is coming soon. And remember colouring fun is for kids of ALL ages! You can use crayons, pencil crayons, watercolours, pastels, or paint it digitally with an app you use. We can't wait to see what you send back and share. HAVE FUN!
